**Lot 111 Spring Ram Lamb**

Wildcat Ranch R2  
Born: 02/05/11 Single  
S: HC 6 2124  
D: Mills Family Farm 402  
Comments: A big testicled son of our Fort Worth national champion, Killer, this ram lamb was born under a shed during the cold front in February. It was 8 degrees the night he was born, but his mama had him up nursing unassisted. His little ear tips frostbit before I found him that morning. A hardy, tough sheep who offers tons of bone and power.

**Lot 112 Spring Ewe Lamb**

EF068319  
Born: 03/12/11 Single  
S: Yucca Lily 4303  
D: Yucca lily 0454  
Comments: Mostly Yucca Lily breeding in this sheep. We bought her Sire, 4303, because he is so structurally correct & well balanced and her dam is an Embryo out of an Australian International Champion, 3006.

Wildcat Ranch R 37  
Born: 03/24/11 Single  
S: HC 6 2124  
D: Wildcat Ranch O19  
Comments: This percentage lamb is out of a ewe we raised that came from our commercial flock. We liked her so much we registered her, but could only record her as 1/2 blood since she was out of a commercial ewe. R37 is sired by our national champion.

**Lot 114 Spring Ewe Lamb**

Wildcat Ranch R28  
EF068318  
Born: 03/06/11 Single  
S: HC 6 2124  
D: Yucca Lily 0448  
Comments: A well balanced daughter out of our 2011 National Champion ram. She is bred well on her dam's side also, coming from the Yucca Lily flock. Nice rib shape and eye pigment in this lamb.

**Lot 116 Spring Ewe Lamb**

Wildcat Ranch R19  
EP068316  
Born: 02/24/11 Twin  
S: HC 6 2124  
D: MAS 137 bl  
Comments: A big twin lamb by Killer. Her mama came from Monroe Schultz at Pottsville, Texas, who really has a nice flock.

**Lot 117 Pen of Three**

Spring Ewe Lamb  
Wildcat Ranch R17  
EX068317  
Born: 02/24/11 Single  
S: Yucca Lily 4303  
D: MAS 739 yel  
Comments: R17 is out of an old Yucca Lily ram we bought that we used to correct structure in our flock. Several of our ewes are half-sisters to this lamb, and they are exceptional females that reproduce well and add style.

Spring Ewe Lamb  
Wildcat Ranch R36  
EF068312  
Born: 03/22/11 Single  
S: Yucca Lily 4303  
D: Yucca Lily 0462

Comments: This ewe's mama was 11 months old when she lambed and raised her on drouthy pastureland. Consequently, do not be fooled by her size, she has had odds stacked against her this year. R 32 is another daughter of an Embryo transfer ewe.
